Hi Kristi-

Thanks for the special thank you! We appreciate it.

I just found out a little while ago, that we did get some edits on SW news from one of our upper managers - unfortunately I don't actually have the edits in hand to share with you yet. I expect to have them either the end of the day today or early tomorrow and will share them with you as soon as I can.

Hi Suzy! Just wanted you to know I gave MassDEP a special thank you for your coordination work with us today at the MA Congressional delegation briefing. They were definitely pleased to hear what we were working on together. Any updates on your side for Stormwater News? Sorry to be a pest, but I'm getting a lot of pressure here. Thanks! Take care, Kristi

Thanks, Susy! I really appreciate you getting back to me so quickly. Yes, anything you can do will be much appreciated and we certainly understand the realities of review delays and appreciate your efforts to move things forward. Between showcasing the tool for our HQ visitor and being able to help publicize our GPS and NOI trainings, sending a final version out as soon as we can this week would be a big help. Thanks and look forward to the update as you learn more.

Take care,

Kristi

Hi Kristi-

Sorry to not have an answer for you on this yet. I checked in on Thursday after our meeting, but had not heard anything back and so just checked in again. I hope to have some feedback later today about how much longer we will need for approval, so I will follow up once I have more information. I know you are eager to get it out, so I apologize for the delay on our end.

Subject: Checking in - Stormwater News

Hi Suzy! Good morning and hope you had an excellent weekend. Any update on Stormwater News comments? We have a high-level EPA HQ visitor coming this week and would love it if this could get across the finish line and out the door over the next few days if at all possible. Thanks!

Take care,

Kristi
